

COMPLETION SUMMARY

WaistLess Foods Website Updates

Prepared for Chef Amber · August 2, 2026

The requested homepage, footer, category, and Shop styling updates are complete. This attachment records the finished desktop and mobile presentation.

Every requested development item has been implemented, including the original signature extraction, portrait movement, new categories, and turquoise Shop treatments.

Hero

"BOLD. SEASONAL. ARTFUL." is now displayed above the private dining headline.

Chef message

Copy is larger, the quote is turquoise, and "What You'll Find Here" is larger and bold.

Merged signature

The three supplied signature pieces were rotated, combined into one transparent horizontal signature, resized, and centered.

Portrait movement

The portrait remains a full-width background, keeps the face visible, and moves on mobile.

Spotlight cards

Chef Spotlight, Pasta, Vegan, and Dessert titles share consistent alignment.

Footer contact

Houston, email, and phone details appear above the Follow Us links.

Recipe categories

Breakfast and Poultry are available in both Recipes and Shop.

Shop color

The Featured badge and price triangle now use footer turquoise (#00676E).

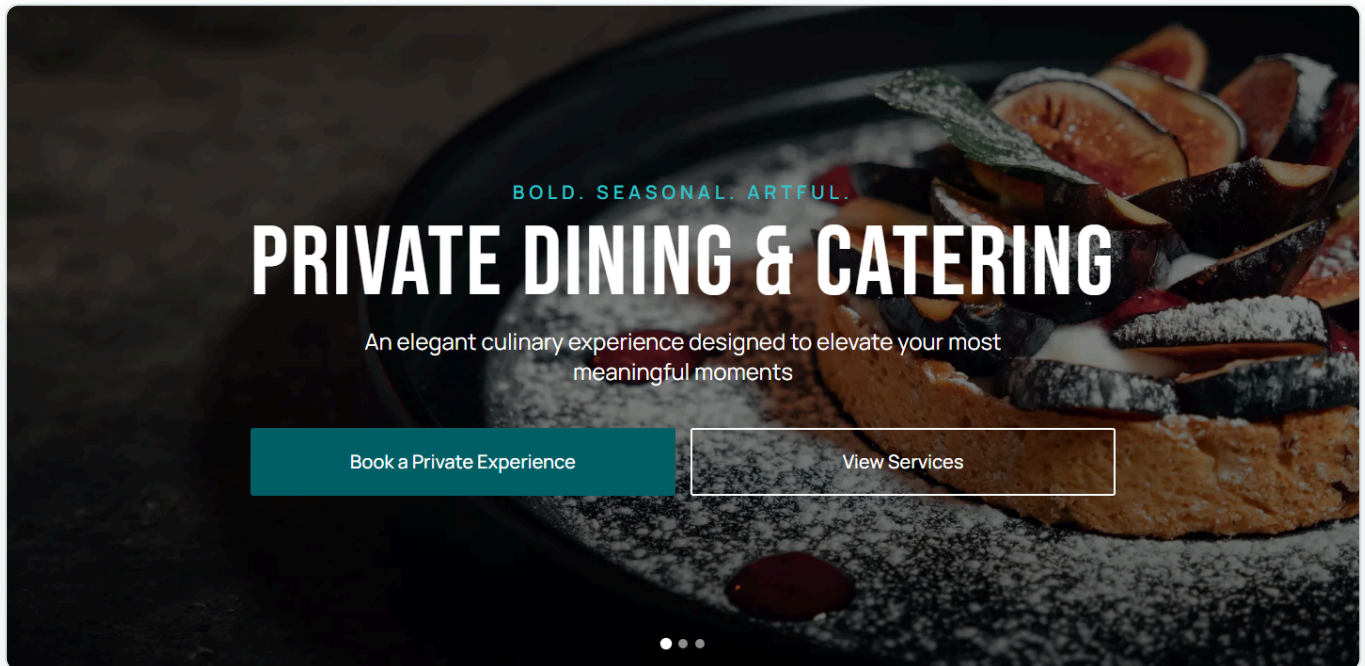

Remaining content items

Per the client's note: update the service-offering images and begin entering recipes.

PRODUCTION BUILD VERIFIED

Hero wording

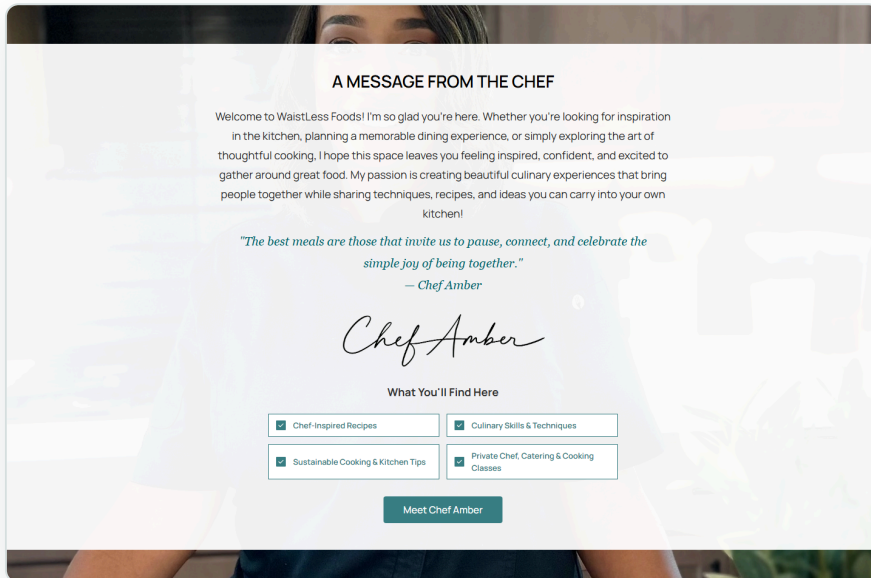

The requested descriptive words are visible in turquoise above the hero headline.

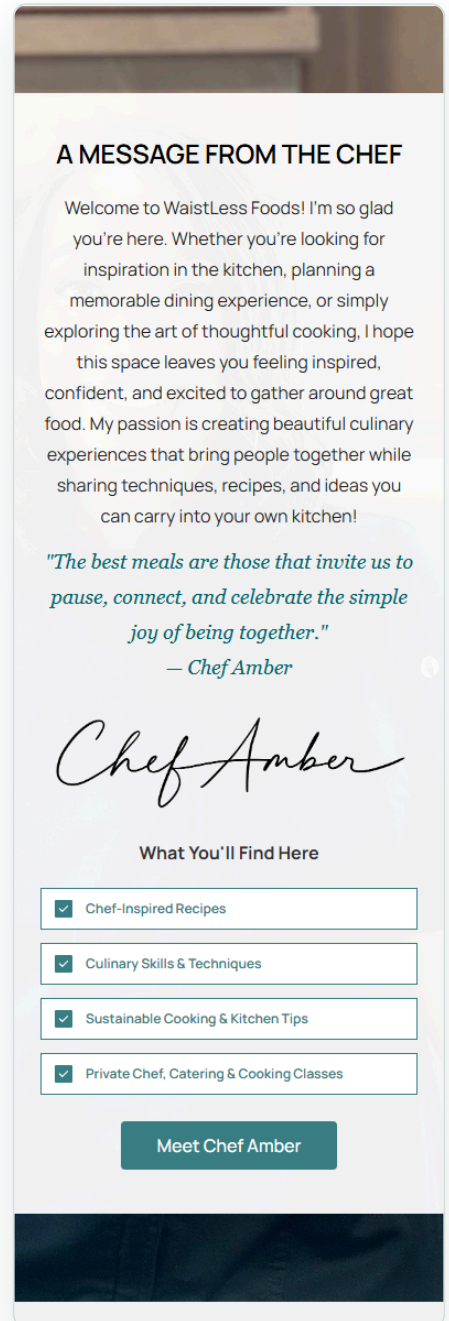

Desktop homepage hero: BOLD. SEASONAL. ARTFUL.

Chef message and signature

The original portrait remains behind the message with the enlarged copy and centered signature.

Desktop: turquoise quote, centered merged signature, bold section label, and portrait background.

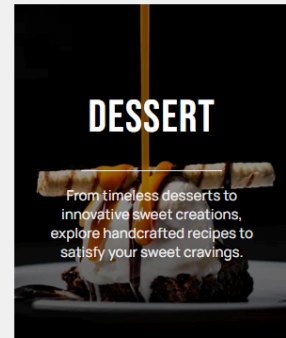

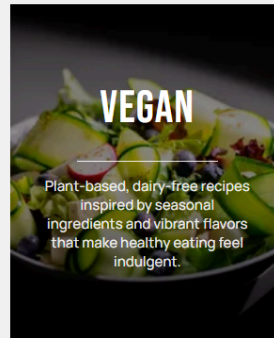

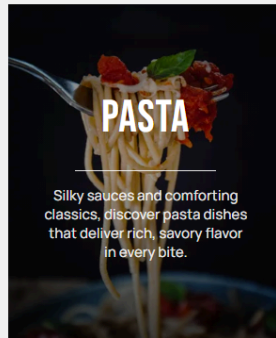

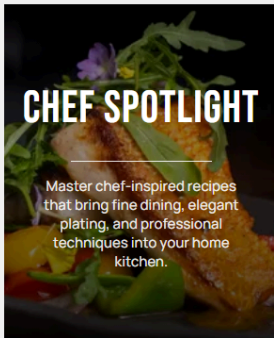

Mobile: the complete message panel, centered merged signature, and portrait remain readable at a narrow width.

Spotlight alignment

All four category headings now occupy the same title area and align consistently.
